# CARGO TRANSPORT SERVICE

We provide Cargo Transportation and Distribution Services in India. Our expertise ensures seamless transition of cargo for both import as well as export. We provide surface transport means to move your consignments from one place to another. We also offer cargo transport facility for our discerning clients. We Provide transportation anywhere in India of any type of Liquid, Lube/Edible Oil, Petrol Products, medicines, Agro Products, Chemicals, Glass Electric and Electronic Items, Yarns, Garments, Import/Export containers & ODC consignments by our own & attached fleet of all types of vehicles like LCV, Trucks, Trailers etc. The company provides customized logistics solutions for its customers including many companies and top retail chains operating. Customized logistics solutions ensure safe and cost-effective delivery of the designated consignment. Our mission is to provide our customers a service of excellence at a world-class level based on honesty and dedicated work practices and the continued search for the increase of efficiency in the logistics of cargo transportation. Planning and integration of the project is done by following certain well laid and time tested standard operating processes. Dedicated fleet and experienced manpower are backed by the latest state of art technology, deploying efficient and cost effective equipment, like vehicles, cranes and MIS. We provide a comprehensive set of services having the capability of transporting consignments of any capacity.

# ODC CONSIGNMENT

An Over Dimensional Consignment (ODC) is a cargo where the length, breadth or height is more than the standard container dimension (20 ft, 40 ft, 45 ft, high cube, Refer). We are specializing in ODC consignment lift any over dimension consignment from any part of the Country. ODC are consignments or cargos of heavy weight and tonnage. Our ODC division is well organized and equipped for the carriage of heavy, bulky and over dimensional cargos throughout our network places over long distances. We provide ODC services to Our vast extent of different companies and dispatch them within the time limit. Our experienced crew specialized in settlements of ODCs properly in their loading, unloading and carriage. Our unique experience in this area allows us to develop a comprehensive strategy that takes into consideration every facet of the project, from freight evaluation and carrier selection, to site surveys and route clearances. This results in considerable savings in both time and money for our clients and the avoidance of costly mistakes. We offer single window services covering all aspects of integrated project logistics to facilitate various customers requirements. Whether you are building a manufacturing plant, mining or drilling the earth, you will need to procure logistics transportation service to manage your cargo movement. The services include freight management, cargo handling and cargo moving from origin to your final site location. We work closely with your purchasing team to make sure that everything is according to your schedule. Our process begins when the purchase orders are issued and involves moving cargo of all sizes and dimensions from anywhere in the world to your final site location. We can give creative solutions and the fastest possible response for your inquiries. Sky Blue logistics India Limited Group has the experience in complex logistical challenges you are looking for and can help you analyse important project requirements.
